

# Sherlog

From SDT

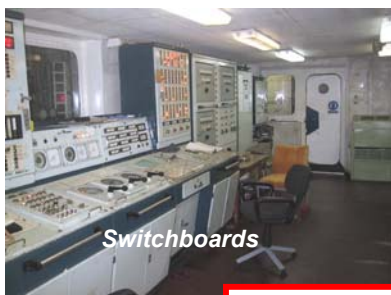

Your partner in tightness testing,  
preventive and predictive  
maintenance on board

*Main engine: cylinder housing, fuel valves, inlet/exh. valves, injectors, lubricators, turbo blower, fuel pumps, bearings,....*

Generator sets

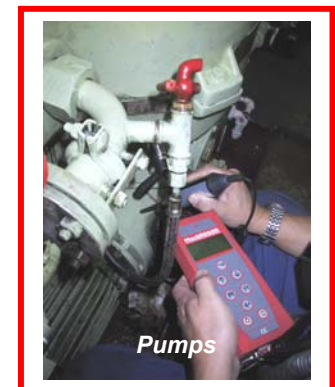

Switchboards

## BUT ALSO:

- Purifier systems
- Propeller shaft (bearings, stern tube, ...)
- Boiler (fuel pump, valves, tubes manhole covers, ...)
- Compressors
- I/G systems
- Air vessels,
- Coolers/heat exchangers
- Pumps (Fire, G/S, Ballast, Feedwater, Hydrophore, Sewage, Transfer, ...)
- Electrical systems, switchboards,...
- Steering gear
- A/C, domestic reefer plant compressors and R22 leaks
- Filters
- CO<sup>2</sup> System
- Steam pipes, traps & heating coils
- Cargo & mooring winches
- On-deck piping (air, CO<sup>2</sup>,...)
- Airpipes, sounding pipes, vents, tank manholes.
- Cargo lines, valves, manifolds, P/V valves, ventrisers.
- Cargo pumps
- On deck hydraulic equipment (ballast valve actuators, cranes, power packs for H/C)
- Water & gastightness of hatch covers, W/T doors & openings, steel repairs

Pumps
